The AAR wheel arrangement system is a method of classifying locomotive (or unit) wheel arrangements that was developed by the Association of American Railroads. It is essentially a simplification of the European UIC classification, and it is widely used in North America to describe diesel and electric locomotives. It is not used for steam locomotives which use the Whyte notation instead.

les ballets C de la B (Ghent-Belgium) was founded by Alain Platel in 1984. Since then it has become a company that enjoys great success at home and abroad. Over the years it has developed into an artistic platform for a variety of choreographers. The company still keeps to its principle of enabling artists from various disciplines and backgrounds to take part in this dynamic creative process.

C (Italian, French: Do) is the first note of the C major scale, the third note of the A minor scale (the relative minor of C major), and the fourth note (F, A, B, C) of the Guidonian hand, commonly pitched around 261.63 Hz. The actual frequency has depended on historical pitch standards, and for transposing instruments a distinction is made between written and sounding or concert pitch.
