L-com's TRD855SCR series RJ45 Cat5e Ethernet cables are ideal for use in Industrial Ethernet networking applications where EMI and RFI are present.

Cat5e RJ45 Ethernet Cable -Shielded 26 AWG PVC Jacket

In copper twisted pair wire networks, copper cable certification is achieved through a thorough series of tests in accordance with Telecommunications Industry Association (TIA) or International Organization for Standardization (ISO) standards. These tests are done using a certification-testing tool, which provide pass or fail information. While certification can be performed by the owner of ...

How to Install an Ethernet Jack for a Home Network

ANSI/TIA-568 is a set of telecommunications standards from the Telecommunications Industry Association (TIA). The standards address commercial building cabling for telecommunications products and services.. As of 2017, the standard is at revision D, replacing the 2009 revision C, 2001 revision B, the 1995 revision A, and the initial issue of 1991, which are now obsolete.

Episode® Electronics 1x4 IR Repeater with Power Supply Kit. This kit works with most AV components and remote controls, providing plenty of flexibility for your simple, single-zone system installs.

Episode® Electronics 1x4 IR Repeater with Power Supply

What is a Distributed Antenna System (DAS)? A Distributed Antenna System (DAS) involves the use of several antennas as opposed to one antenna to provide wireless coverage to the same area but with reduced total power and additional reliability. Often times a DAS uses RF directional couplers and/or wireless amplifiers to split and amplify the wireless signal from the source out to the ...
