

## CAT TO KILL A MOCKING BIRD PACKET ANSWERS

### **cat to kill a pdf**

"Curiosity killed the cat" is a proverb used to warn of the dangers of unnecessary investigation or experimentation. The original form of the proverb, now little used, was "Care killed the cat". In this instance, "care" was defined as "worry" or "sorrow for others."

### **Curiosity killed the cat - Wikipedia**

The cat (*Felis catus*) is a small carnivorous mammal. It is the only domesticated species in the family Felidae and often referred to as the domestic cat to distinguish it from wild members of the family. The cat is either a house cat, kept as a pet, or a feral cat, freely ranging and avoiding human contact. A house cat is valued by humans for companionship and for its ability to hunt rodents.

Cats are active carnivores, meaning that in the wild they hunt live prey. Their main prey is small mammals (like mice). They will also stalk, and sometimes kill and eat, birds. Cats eat a wide variety of prey, including insects such as flies and grasshoppers. Their main method of hunting is stalk and pounce. While dogs have great stamina and will chase prey over long distances, cats are extremely ...
