The first armored bulldozer was developed by the British during World War II. This was a conventional Caterpillar D8 bulldozer fitted with armor to protect the driver and the engine. The work was carried out by Jack Olding & Company Ltd of Hatfield. The bulldozer was one of several strange armored vehicles that were collectively referred to as "Hobart's Funnies" and were operated by the British ...

Armored bulldozer - Wikipedia

DESCRIPTION The function of the air compressor is to provide and maintain air under pressure to operate devices in air brake systems. The Bendix ® BA-921 compressor is a single-cylinder reciprocating compressor with a rated displacement of
