### **catholic secondary schools association pdf**

Catholic schools are parochial schools or education ministries of the Roman Catholic Church. As of 2011, the Church operates the world's largest non-governmental school system. In 2016, the church supported 43,800 secondary schools, and 95,200 primary schools. Catholic schools participate in the evangelizing mission of the Church, integrating religious education as a core subject within their ...

Catholic schools in the United States constitute the largest number of non-public schools in the country. They are accredited by independent and/or state agencies, and teachers are generally certified. Catholic schools are supported primarily through tuition payments and fundraising, and typically enroll students regardless of religious background.

The Republic of Ireland has enacted legislation that will massively reduce the amount of religious discrimination that can take place in pupil admissions at primary schools. The School Admissions Act, which was signed into law last month, will prevent state funded primary Catholic schools from selecting pupils on religious grounds.

OSSTF/FEESO, founded in 1919, has 60,000 members across Ontario. They include public high school teachers, occasional teachers, educational assistants, continuing education teachers and instructors, early childhood educators, psychologists,

secretaries, speech-language pathologists, social workers, plant support personnel, university support staff, and many others in education.

### **Ontario Secondary School Teachers' Federation (OSSTF/FEESO)**

Most of the studies comparing single-sex education with coeducation focus on grades and test scores as the parameters of interest. Before we look at those studies, we want you to consider another variable altogether: namely, breadth of educational opportunity. Girls in all-girls schools are more likely to study subjects such as advanced math, computer science, and physics.
