Concept Metaphysics. The nature of cause and effect is a concern of the subject known as metaphysics.. Ontology. A general metaphysical question about cause and effect is what kind of entity can be a cause, and what kind of entity can be an effect.. One viewpoint on this question is that cause and effect are of one and the same kind of entity, with causality an asymmetric relation between them.

Cause and effect is a common way to organize information in a text. Paragraphs structured as cause and effect explain reasons why something happened or the effects of something. These paragraphs can be ordered as causes and effects or as effects and then causes. The cause and effect text structure is generally used in expository and persuasive writing modes.
