The first CCTV system was installed by Siemens AG at Test Stand VII in Peenemünde, Nazi Germany in 1942, for observing the launch of V-2 rockets. The noted German engineer Walter Bruch was responsible for the technological design and installation of the system. [not in citation given]In the U.S. the first commercial closed-circuit television system became available in 1949, called Vericon.

With all the recent attention of Samsung catching up as a viable competitor to Apple, the trouble I had today getting their SDE-5001 DVR working for online access really made me wonder whether they had invested much time on any part of building an intuitive design for using this device. It appears that much of their design team has been focused on the mobile phone business, but their expertise ...
