Hot on the trail of the last Mind Map, I thought I would quickly add another.. This Mind Map is for the Certified Information Systems Security Professional (CISSP) examination. The CISSP is broken down into 10 domains which make up the Common Body of Knowledge (CBK).. The Mind Map here is for the Access Control Systems and Methodology Domain, which is classed as the first domain in the CBK.

Penetration testers are skilled workers who are hired as "ethical hackers." They are hired by companies and government agencies to expose vulnerabilities in their web and computer systems by intentionally trying to hack into those systems. However, rather than stealing information for personal gain (for example, customer credit card numbers or sensitive trade secrets), the penetration testers ...
