ceiling fan 3 way pdf

A ceiling fan is a mechanical fan mounted on the ceiling of a room or space, usually electrically powered, suspended from the ceiling of a room, that uses hub-mounted rotating blades to circulate air. Ceiling fans typically rotate more slowly than other types of circulating fans, such as electric desk fans. They cool people effectively by introducing slow movement into the otherwise still, hot ...

Ceiling fan - Wikipedia

This traditional Westinghouse 3-light ceiling fan light kit is an ideal choice for replacing worn or outdated fan lights. With energy-efficient performance and reliability in mind, this light kit features long-lasting LED light bulbs.
