Dutch Ceylon (Sinhala: ??????? Landesi Lankava) was a governorate established in present-day Sri Lanka by the Dutch East India Company. Although the Dutch managed to capture most of the coastal areas in Sri Lanka they were never able to control the Kandyan Kingdom located in the interior of the island. Dutch Ceylon existed from 1640 until 1796.

Cinnamon is an evergreen tree characterized by oval-shaped leaves, thick bark, and a berry fruit. When harvesting the spice, the bark and leaves are the primary parts of the plant used. Cinnamon is cultivated by growing the tree for two years, then coppicing it, i.e., cutting the stems at ground level. The following year, about a dozen new shoots form from the roots, replacing those that were cut.
