API/IP 1581 5th Edition Specification* Key Points 1. Category "C" filter/separators are for use in commercial Jet-A or Jet-A1 fuel. They are tested in fuel containing

API/IP 1581 5th Edition Specification Summary

Performance Properties Since the primary function of aviation turbine fuel (jet fuel) is to power an aircraft, energy content and combustion quality are key fuel performance properties. Other significant performance properties are stability, lubricity, fluidity, volatility, non-corrosivity, and cleanliness. Besides providing a source of energy, fuel is also used as hydraulic fluid in engine ...
