Social order, public communication and violence ... [The Volga-Ural region in the imperial space], Moscow 2011: Vostochnai?a?lit-ra RAN, pp. 198–228.

Muslim Soldiers in the Russian Army - 1914 1918 online

Natural bitumen (viscous, viscoplastic, and solid) cannot be extracted by methods commonly used in oil production, and it is usually a disregarded reserve of hydrocarbon resources. A sharp difference between the properties of Permian bitumens from the Ural-Volga Region and Carboniferous and Devonian oils in the fields of Tatarstan was demonstrated.

Composition of natural bitumens from the Ural-Volga region
