Sutton Hoo is the name of an area spread along the bank of the River Deben opposite the harbour of the small Suffolk town of Woodbridge, about 7 miles (11 km) from the North Sea, overlooking the tidal estuary a little below the lowest convenient fording place. It formed a path of entry into East Anglia during the period that followed the end of Roman imperial rule in the 5th century.

Parts-to-picker systems include automated storage and retrieval systems (AS/RS), using mostly aisle-bound cranes that retrieve one or more unit loads (pallets or bins; in the latter case the system is often called a mini-load) and bring them to a pick position (i.e. a depot). At this position the order picker takes the required number of pieces, after which the remaining load is stored again.

Design and control of warehouse order picking: A

The Germanic peoples (also called Teutonic, Suebian, or Gothic in older literature) are an Indo-European ethnolinguistic group of Northern European origin identified by their use of the Germanic languages. Their history stretches from the 2nd millennium BCE up to the present day.. Proto-Germanic peoples are believed to have emerged during the Nordic Bronze Age, which developed out of the ...
